1. Introduction

The Trust intends and expects that all decisions, policies and procedures will be underpinned at all times by its vision and values.

Our aim:

TPAT – Inspiring futures, empowering people.

We aim to benefit our communities by nurturing well-educated, aspirational and creative young people. We exist to inspire futures and empower all our people. We achieve this by enriching and fulfilling our employees with the investment to become masters of their craft, all working together to realise exceptional outcomes for young people.

To achieve this our schools will:

- Create an aspirational, driven, and highly engaging educational environment where every pupil can succeed.
- Commit to knowing each pupil individually and empowering them to excel.
- Deliver the highest quality learning opportunities facilitated by excellent teachers.
- Inspire our pupils to become confident, motivated and respectful individuals ready to make a positive contribution to society.

The Trust will support our schools by:

- Providing the resources and stability schools need to work efficiently and effectively, overcoming challenges and prioritising education every day.
- Provide a platform for collaboration, sharing excellence and experience, and fostering unity and shared purpose.
- Nurturing our Trust's 'culture of improvement' where staff thrive in a safe, supportive network, embracing feedback and professional dialogue to drive sustainable improvement.

The Freedom of Information Act requires every public authority to have a publication scheme, approved by the Information Commissioner's Office (ICO), and to publish information covered by the scheme.

The Park Academies Trust has adopted the ICO model publication scheme.

The publication scheme lists the documents which the Trust will make public as a matter of routine. If the information you are looking for is not available via the scheme, you can make a request in writing for the information you require.

References to the 'authority' and / or 'public authority' in the publication scheme below are references to The Park Academies Trust or an individual school within the Trust.

2. ICO Model Publication Scheme

2.1 Freedom of Information Act

This model publication scheme has been prepared and approved by the Information Commissioner. It may be adopted without modification by any public authority without further approval and will be valid until further notice.

This publication scheme commits an authority to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the authority. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner.

The scheme commits an authority:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the authority and falls within the classifications below.
- To specify the information which is held by the authority and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information the authority makes available under this scheme.
- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.
- To publish any dataset held by the authority that has been requested, and any updated versions it holds, unless the authority is satisfied that it is not appropriate to do so; to publish the dataset, where reasonably practicable, in an electronic form that is capable of re-use; and, if any information in the dataset is a relevant copyright work and the public authority is the only owner, to make the information available for re-use under the terms of the Re-use of Public Sector

Information Regulations 2015, if they apply, and otherwise under the terms of the Freedom of Information Act section 19.

The term 'dataset' is defined in section 11(5) of the Freedom of Information Act. The term 'relevant copyright work' is defined in section 19(8) of that Act.
